

## STZ 8 AA

- ✓ Low dead weight
- ➡ For high payloads
  
- ✓ Low loading height thanks to cranked BPW axle
- ➡ For universal use with different loads
  
- ✓ Proven and robust Goldhofer steering system
- ➡ For low maintenance costs and low tyre wear

### TECHNICAL DATA AND OPTIONS:

- 5th wheel loads of 20t to 35t
- Axle loads of 10t to 12t at 80km/h  
(depending on national regulations)
- Technical axle loads up to 16.8t
- Loading height (lowest position) 780mm + 200mm (STZ-L)
- Loading height (lowest position) 795mm + 260mm (STZ-H)
- Single or double extendable
